11. Tell the patron that it may take up to three business days for the microfilm reel to be available for use. S/he will receive an email when it is available for use. The patron should come to the GovMicMaps Help Desk to get the microfilm reel. It will be waiting on the Courtesy Hold Shelf.

Additional Information:

Circulation staff at Sand Point will retrieve the microfilm reel from the Sand Point vault. They will barcode the microfilm reel and add the barcode to the item record for that item and all additional item records connected with that reel.

An email will be sent to mcnews@u.washington.edu when the microfilm reel is available for pick up at Suzzallo Circulation.

MicNews staff will pick the reel up at Suzzallo Circulation and place it on the GMM Courtesy Hold Shelf.

Glenda or Jessica will look up the microfilm reel in Millennium to obtain the patron's information and email the patron that the microfilm is available for pick up at the Government Publications, Maps, Microforms & Newspapers Help Desk.

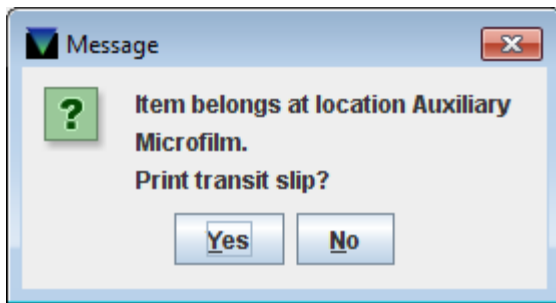

To Check axmic microfilm in after the patron finishes using it:

1. Scan the barcode located on the microfilm box.

The screenshot shows the 'Millennium Circulation' software window for the University of Washington. The title bar reads 'Millennium Circulation · University of Washington · Unit- GovPubs (maack)'. The menu bar includes 'File', 'Edit', 'View', 'Go', 'Tools', 'Admin', and 'Help'. The main window title is 'Check-In (No Patron)'. On the left is a vertical toolbar with icons and labels: 'Millennium', 'Circulation Desk', 'Check-In', 'Search / Holds', 'View Holds', 'Transfer Paged ...', 'Notices', and 'Count Use'. The main area is divided into sections. The top section is 'Key or Scan Item Barcode' with a text input field and a 'Search' button. Below this is a 'Check-In Date' section showing 'Wed Apr 20 2011' and a 'Backdate' button. To the right of the date is a 'Fines' section with a 'Total:' label and a text box displaying '\$0.00'. At the bottom of the window are two empty rectangular boxes.

2. Set the status to **Transit** (insert screen shot)

3. Click the **Yes** button to print a transit slip.

4. Click the **Print** button and print the transit slip. Fold the slip and stick it inside the microfilm box so that the header “University of Washington Auxiliary Microfilm” sticks up outside the box.

5. Click the **Close** button to close the record.
6. Take the microfilm reel in to the Micnews staff area and place it in the “Reels for Sand Point” box located on the bottom row of shelves near the Courtesy Hold Shelf.
