of the

FRIENDS OF THE EARTH. NORTHWEST OFFICE
Accession No. 2548-019

Background information on the issues documented in this accession

19 April 1996

Karyl Winn
Manuscripts Librarian
U. of Washington Libraries
Seattle, WA 98195

Dera Karyl:

The following is provided as archive material from our Northwest Office, Friends of the Earth. These boxes are provided under our existing agreement with the U.S. Libraries and there is no restriction on their use. ~~Two~~ ^{One} copies of the file indexes is included in each box. One copy is attached.

- * Grays Harbor Estuary Management Plan - Bowerman Basin 1980-87
- * Grays Harbor Estuary Management Plan - Bowerman Basin 1988-96
- * Grays Harbor Widening & Deepening 1972-1990
- * Grays Harbor Widening & Deepening Studies
- * Grays Harbor - Port of Grays Harbor
- * Grays Harbor - Westport and other areas
- * Coastal Zone Program Reviews - WA State 1979-93

These seven boxes contain the remainder of the background and history of Friends of the Earth involvement in Grays Harbor, Bowerman Basin, and the establishment of the Grays Harbor National Wildlife Refuge. The Port's Widening & Deepening Project become intertwined with the development of the Grays Harbor Estuary Management Plan and our ongoing concerns are documented in the Coastal Zone Program Reviews to the Dept. of Commerce which was funding the Estuary Plan. These should be considered a set.

- *Yakima River 1980-1995
- *Yakima River 1985-1989 Yakima Roundtable
- *Yakima River - Fish Hatchery 1989-93
- Wenatchee National Forest Litigation
- *Yakima River 1992-96

These four boxes contain most of our two decade long involvement in the Yakima River Basin. They should be considered a set.

- *Willapa Bay 1992-94 / PCHB 92-159
- SHB 94-33,37,38 & PCHB 94-238,239
- *Willapa Bay 1994 / SHB 94-33,37,38 & PCHB 94-238,239
- *Willapa Bay 1995-96 / PCHB 95-85,100

These three boxes document Friends of the Earth's efforts to stop aerial spraying of chemicals in Willapa Bay and contain the universe of knowledge on the efforts to "eradicate" spartina in Willapa Bay through chemical spraying. They should be considered a set.

*Clean Air 1990-1995

*1/2 Clean Air 1990 / 1/2 Misc.

*Coastal Issues including 1980 Year of The Coast.

*Ocean issues/ OCS oil Drilling issues 1988-1995

*NW River Project Files 1985-1989

*NW River Project Files Misc.

*Shoreline Issues A-K

*Shoreline Issues L-Z

Please return any material deemed non-archivable. Thank you for your assistance.

Sincerely,

David E. Ortman
Director, Northwest Office
