

The 8th National Guard is now the 370th US Infantry. You are gassed as you're fighting under the French command during the Meuse-Argonne campaign. Your task is to discover what it was like to suffer from a mustard gas attack. Some questions to explore are:

- What are the symptoms of mustard gas?
- What sort of treatment was available?
- What kind of gas masks were available?
- What was your likely prognosis?

Keep in mind that some material dealing with medical care during WWI will be in storage at the Health Sciences Library.

The 8th National Guard is now the 370th US Infantry. You step on a mine as you're fighting under the French command during the Meuse-Argonne campaign and lose both legs. Your task is to discover what life was like for amputees. Some questions to explore are:

- What types of artificial limbs were available?
- What sort of rehabilitation was available?
- What kind of pension did you get?
- What kinds of jobs were available for disabled vets?

Keep in mind that some material dealing with medical care during WWI will be in storage at the Health Sciences Library.
