WASHINGTON STATE FORESTRY BIBLIOGRAPHY
JOURNALS AND SERIALS
(published between 1820-1945)
88 titles

Overview
This bibliography was created by the University of Washington Libraries as part of the Preserving the History of U.S. Agriculture and Rural Life Grant Project funded and supported by the National Endowment of the Humanities (NEH), Cornell University, the United States Agricultural Information Network (USAIN), and other land-grant universities.

Please note that this bibliography only covers titles published between 1820 and 1945. It excludes federal publications; articles or individual numbers from serials; manuscripts and archival materials; and maps. More information about the creation and organization of this bibliography, the other available bibliographies on Washington State agriculture, forestry, and fisheries, and the Preserving the History of U.S. Agriculture and Rural Life Grant Project for Washington State can be found at:
